

Native Americans
in Philanthropy

As Native Americans in Philanthropy continues to deepen engagement with its members, partners and allies, we are beginning another round of Regional Action Network Gatherings in the Spring of 2012. All are encouraged to engage in this opportunity to join NAP board members and staff as they communicate success stories and highlight opportunities for partnership, share resources and describe programs available through NAP that work to advance philanthropy practices grounded in Native values and traditions.

Our program agenda for Spring 2012 will be a ½ day format. If you have any questions please contact Diana Manuel, Program Associate via email at dmanuel@nativephilanthropy.org.
